OBJECTIVE

Skilled Front-end Developer with React seeking an exciting opportunity with a reputable software development company in Warsaw to work on innovative projects that challenge and inspire, while leveraging my expertise in JavaScript, React, and front-end development to make a significant impact.

PROFESSIONAL SUMMARY

Aspiring Frontend Developer with expert understanding of web development principles and practices, including HTML, CSS, and JavaScript. Strong written and verbal communication skills in English, with the ability to work independently and as part of a team. Organized and capable of managing multiple projects simultaneously, while maintaining code quality and adhering to best practices. Open to learning and ready to gain hands-on experience in web development, design, and teamwork.
